

## AIR CONDITIONERS PRODUCT FICHE

<b>Brand</b>	WHIRLPOOL
<b>Commercial code</b>	PACW29COL
<b>Cooling sound power value for IDU</b>	64
<b>Refrigerant gas type</b>	R290
<b>Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to [GWP]. This means that if 1 kg of this refrigerant fluid would be leaked to the atmosphere, the impact on global warming would be [GWP] times higher than 1 kg of CO<sub>2</sub>, over a period of 100 years. Never try to interfere with the refrigerant circuit yourself or disassemble the product yourself and always ask a professional.</b>	3
<b>EER Cooling</b>	2.6
<b>Energy efficiency class</b>	A
<b>Energy consumption 1.1 kWh per 60 minutes, based on standard test results. Actual energy consumption will depend on how the appliance is used and where it is located.</b>	1.1 (kWh)
<b>Cooling capacity</b>	2.8 (kW)
